Furthermore, they must be records in relation to:

6. A flow chart illustrating the referral process is available in **Appendix 3**.

10.0 Managing and Reporting of Low-Level Concerns

Definition: The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of an education provision, in this case – the Calex UK Apprenticeship Programmes, may have acted in a way that: Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, and does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority examples of such behaviour could include, but are not limited to:

- Being overly friendly with apprentices.
 - Having 'favourites'.
 - Taking photographs of apprentices on their mobile phone
 - Humiliating an apprentice or apprentices
 - Inciting humiliation
1. Calex UK will endeavour to ensure that all low-level concerns are reported and managed effectively by the programme manager. All staff are made aware of how to report low-level concerns to the DSL and/or Head

of Apprenticeships. All members of staff are given access to the KCSiE 2023, that outlines how these types of concerns are managed.

2. The DSL will inform the Head of Apprenticeships of all the low-level concerns and in a timely fashion according to the nature of each low-level concern.
3. Calex UK recognise the importance of staff, apprentices, and associate staff to feel empowered to confidently report any concerns. To achieve this, the programmes will endeavour to create a culture of trust and transparency within and reaching the breadth of the business. This will be achieved by:
 - Ensuring staff, visitors, agency staff and partners are aware of appropriate behaviour as well as the expectations outlined in The Employee Handbook.
 - **All** staff must read and understand The Department for Education Safeguarding guidance Keeping Children Safe in Education (KCSiE) 2023, Part 1, Annex B and Part 4 (Low-Level concerns).
4. We will investigate all low-level concerns and record the investigation and outcomes. This information will be kept confidential and reviewed by the Head of Apprenticeships and the DSL(s), to ensure any patterns/trends or problematic or concerning behaviour can be identified and managed in an appropriate manner.
5. Any low-level concerns relating to external visitors and/or agency staff will be reported to their employer.

10.0 Whistleblowing

1. The vast majority of people who work with apprentices are well motivated and would never harm a child or young person. Unfortunately, a few do and Calex UK Apprenticeships offers a culture that makes all staff willing and comfortable to voice their concerns.
2. We recognise that apprentices cannot be expected to raise concerns in an environment where staff fail to do so.
3. All staff should be aware of their duty to raise concerns, where they exist, about the management of Safeguarding and Child Protection, which may include the attitude or actions of colleagues.

10.0 Supporting Apprentice

1. We recognise that a young person who is abused or who witnesses violence may feel helpless and humiliated. They may blame himself or herself, and find it difficult to develop and maintain a sense of self-worth.
2. We recognise that Calex UK Apprenticeships may provide the only stability in the lives of young people who have been abused or who are at risk of harm.
3. We accept that research shows the behaviour of a child/young person in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.

Our Apprentice Programmes will support all apprentice by:

- Encouraging self-esteem and self-assertiveness, through the curriculum as well as our relationships, whilst not condoning aggression or bullying.
- Promoting a caring, safe, and positive environment within Calex UK Apprenticeships.
- Liaising and working together with all other support services and those agencies involved in the safeguarding of apprentices.
- Notifying the relevant agencies as soon as there is a significant concern.

- Ruling out abuse, harassment and bullying of any type.

11.0 Supporting Staff

1. We recognise that staff working in Calex UK Apprenticeships who have become involved with a young person who has suffered harm, or appears to be likely to suffer harm may find the situation stressful and upsetting.

2. We will support such staff by providing an opportunity to talk through their anxieties with a DSL and to seek further support as appropriate.

4. Holding face-to-face interviews, with questions asked about Safeguarding and intentions concerning working with young people.
5. Carrying out the mandatory check of staff through the DBS process.
6. Where appropriate, an enhanced DBS check (Disclosure and Barring Service) before the candidate takes up the post. With any disclosures checked for viability of impact on working with children/young people.

13.0 Safe Working Practice – Programme Staff, Employers and Apprentices

1. Calex UK Apprenticeships reserve the right to refuse to admit a learner to a programme, if it judges that the adaptations necessary to safeguard that individual's wellbeing go beyond what is reasonable and proportionate. This is particularly important during the residential training week(s) at their programme academy.
2. All Calex UK staff members, contractors and volunteers are advised to minimise physical contact with apprentices, except for reasons of health and safety, or where physical contact may be a necessary part of learning.
3. Safe working practice ensures that all staff:
 - are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions.
 - work in an open and transparent way.
 - discuss and/or take advice from the Designated Safeguarding Lead or Deputy Designated Safeguarding Lead's over any incident which may give rise to concern.
 - record any incidents or decisions made.
 - apply the same standards regardless of gender, sexuality, or ethnicity.
 - Can access their workplace services regardless of additional needs, and/or disability.
 - are aware that breaches of the law and other guidelines could result in criminal or disciplinary action being taken against them.
 - are vigilant of each other, holding each other to the highest standard.
4. Staff should always remain vigilant and ensure that they maintain professional boundaries with the apprentices, so their behaviour is not misinterpreted. Calex UK staff, visitors and associate staff must not use their power over the apprentices for a personal gain.
5. All Staff are responsible for ensuring that they:
 - Familiarise themselves with the safeguarding policy and other safeguarding related documents made accessible to them within the academy site.
 - Promote and practice safeguarding themselves and apprentices.
 - Attend any internal or external safeguarding training as stipulated.
 - Understand what they are required to do if an apprentice makes a disclosure.

- Never attempt to investigate a concern on their own. The Designated Safeguarding Lead should always be informed or a Deputy Designated Safeguarding Lead in their absence.
 - Be vigilant in spotting indicators and signs that could raise a concern.
6. All external agencies scheduled to deliver awareness/enrichment sessions to the apprentices are required to send in an outline of the session content, prior to attending the training facility. This is to ensure that the content is relevant and appropriate. Whether the session is taking place remotely or face-to-face, a member of staff will be present for the duration.
 7. Calex UK Apprenticeships have limited power to ask about current criminal convictions to apprentices on admission. When while exercising that power and a conviction is disclosed that indicates the individual poses a clear risk to other apprentices, Calex UK has the right to deny admission to the programme.

14.0 Anti-Bullying

1. Calex UK Apprenticeships acknowledges that to allow or condone bullying may lead to consideration under the Safeguarding procedures. This includes all forms e.g. cyber, racist, homophobic and gender related bullying.
2. We keep a record of known bullying incidents.
3. All staff are aware that apprentice's with Special Educational Needs and Disability (SEND) and/or differences/perceived differences are more susceptible to being bullied/victims of child abuse. We will make notes of any bullying incidents within the review and notes section of our BUD system.

15.0 LGBTQ+ Community

1. Calex UK Apprenticeships are determined to ensure that it provides an inclusive environment and offer to all its staff and apprentices and that those who identify as part of the LGBTQ+ community feel valued, safe, and respected.
2. Keeping Children Safe in Education 2023 (Paragraph 203), outlined that 'the fact that a child or young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as those who identify as LGBT'.
3. We recognise that the risk is heightened to those who identify as LGBT, who lack a trusted adult with whom they can be open. Therefore, it is vital that staff endeavour to reduce the additional barriers faced, and provide a safe space for them to speak out or share their concerns with members of staff. The Designated Safeguarding Lead (DSL) at the programme will monitor and review inclusivity for all the LGBTQ community across the Calex UK apprenticeship programmes.
4. We will strive to ensure that the curriculum offers awareness of LGBTQ inclusion to counter any form of homophobic, bi-phobic, and transphobic bullying and abuse for apprentices and staff alike.

The academy leaders will deliver their responsibilities for identifying and acting on early help needs, safeguarding and child protection in line with the policies and procedures

17.1 How to report any concerns:

- Staff members will allow them to speak freely and will not ask investigative questions.
- The staff member will tell the learner what will happen next.
- It is the duty of the member of staff to inform the Designated Safeguarding Lead (DSL) of what has been discussed.

- The staff member will contact the DSL/DSO to discuss the concern and then write up details of the conversation with the learner as soon as possible on CPOMS or via the record of concern form (signed, timed and dated) found in reception and deliver it to the Designated Safeguarding Lead.
- Staff should not wait until the next working day to report a concern.
- Information will be shared on a need-to-know basis only. Issues or concerns will not be discussed with colleagues, friends or family unless necessary for the welfare of the child / young person.

17.4 Suspecting that a learner is at risk of harm

- There will be occasions when we may suspect that an apprentice may be at risk but have no 'real' evidence. In these circumstances, staff will try to give the apprentice the opportunity to talk.
- Colleagues will recognise that apprentice may not feel ready to disclose their abuse, exploitation or neglect, or may not recognise it as such. They may feel humiliated or actively being threatened. They may face additional barriers to disclosing such as additional needs, sexual orientation, vulnerabilities or language barriers. Therefore, it is imperative that all colleagues exercise professional curiosity and report their concerns to the DSL.
- Staff should use the concern form/CPOMS referral to record these early concerns. Following an initial conversation with the learner, if the member of staff remains concerned, they should discuss their concerns with the respective Designated Safeguarding Lead
- Staff will be aware of the harm caused by bullying and will use the Behaviour Policy. However, there will be occasions when an apprentice's behaviour warrants a response under child protection rather than anti-bullying procedures.
- We acknowledge that, some young people, and therefore apprentices can be particularly vulnerable or may have an increased risk of abuse and we accept the responsibility to take reasonable and appropriate steps to ensure their welfare.
- To ensure that all our apprentices receive equal protection, we will give special consideration to apprentices who are considered to be vulnerable.

17.5 Notifying parents/carers where necessary

1. The programme leaders will normally seek to discuss any concerns about a young person with their parents/carers.
2. The Designated Safeguarding Lead or deputy will contact a parent/carer in the event of a concern, suspicion, or disclosure. However, if the programme believes that notifying parents/carers could increase the risk to the apprentice, exacerbate the problem or compromise the safety of a staff member, advice will first be gained from the relevant local authority multi-agency safeguarding hub.
3. We recognise that all matters relating to child protection are confidential.
4. Designated Safeguarding Leads and Safeguarding Team will disclose any information about an apprentice to other members of staff on a need-to-know basis only.
5. All staff must be aware that they have a professional responsibility to share information with other agencies to safeguard apprentices.
6. All staff must be aware that they cannot promise any apprentice to keep information secret, which might compromise theirs or another's safety or wellbeing.
7. Calnex UK Apprenticeships recognises that young people aged 16 or 17 will have the understanding to make decisions about their own lives and their views and wishes will be respected unless, they are deemed to be at risk of harm which is a serious threat to their personal safety or they are the victim of a crime.
8. Vulnerable adults may choose to remain at risk in dangerous situations. Professional staff may find they have no statutory powers in cases where the adult is seen to have sufficient capacity to make his or her own choices and refuses the help which staff feel is needed and where public interest considerations do not apply. In these cases, where a member of Calnex UK Apprenticeships staff considers that the decisions of the vulnerable adult should be respected they must immediately seek advice from the Designated Safeguarding Lead.

18.0 Prevention of Violent Extremism – The ‘Prevent’ Agenda

1. Section 21 of the Counter-Terrorism and Security Act 2015 (the Act) places a duty on certain bodies, listed in Schedule 3 to the Act, to have “*due regard to the need to prevent people from being drawn into terrorism*”. The Act states that the authorities (including Further Education institutions) subject to the provisions must have regard to this guidance when carrying out the duty.
2. Young people and vulnerable groups are most at risk of being targeted by groups who may promote violent extremist activity.
3. Calex UK Apprenticeships staff should be aware, through training, of signs of radicalisation and have the confidence to report their concerns to the DSO or in his absence, any member of the deputy team.
4. The PREVENT lead and DSL’s will regularly receive updates from the Regional PREVENT coordinator(as) and attend practitioner forums.
5. Calex UK Apprenticeships will also promote the ethos of the ‘Prevent’ agenda by encouraging free and open debate but challenging extreme views. It will encourage through its classroom practice and induction activities a belief in Equality of Opportunity and Diversity.
6. Calex UK Apprenticeships has a legal responsibility to forbid the promotion of partisan political views in the teaching of any subject in Calex UK Apprenticeships and must take such steps as are reasonably practicable to secure that where political issues are brought to the attention of apprentice, they are offered a balanced presentation of opposing views. Promotion of any organisations linked to violent extremism is contrary to the values of Calex UK Apprenticeships and could constitute misconduct.
7. Calex UK Apprenticeships will provide appropriate support through its own staff or by referral to external agencies, for any student in danger of radicalisation. The DSL or DDSL will make the decision whether to involve the police or other external agencies.
8. We recognise that apprentices with additional needs (including but not limited to SEND needs) can increase in their vulnerability to radicalisation and will endeavour to ensure they are not at more risk or at a disadvantage to accessing awareness of support/resources and PREVENT Duty education.
9. Calex UK Apprenticeships ensures that websites promoting extremist views and/or encouraging the radicalisation of young people are monitored and blocked where possible. We endeavour to raise the awareness of the gangers of these sites.
10. Calex UK Apprenticeships has developed a comprehensive *Prevent Strategy and Action Plan*. This strategy details Calex UK Apprenticeships role in preventing the radicalisation of its apprentice and is reviewed annually in line with the updated guidance from government.

18.0 Raising Awareness of Safeguarding and Protection Issues

1. All parents / carers of apprentice’s will have access to information regarding the responsibilities of staff members about safeguarding procedures by publicising a Safeguarding Policy document on the websites. This Information can be found on the apprenticeship websites.
2. All apprentices will be supported to understand safeguarding and protection issues through:
 - A tutorial programme that will support young people’s and vulnerable adults’ development in ways that will foster security, confidence and independence.
 - The creation of a climate in which responsible behaviour is encouraged and where apprentice feel safe to ask for help if threatened or at risk of abuse.
 - The promotion of a healthy lifestyle that includes consideration of diet, sexual relationships, alcohol and drug abuse.

19.0 Contextual Safeguarding – The Programmes & Apprentices

1. Contextual safeguarding is an approach that focuses on understanding the situations outside of an immediate familial environment that may put an individual (between the ages of 10-25) at risk of harm.
2. All staff should have an awareness of safeguarding issues that can put apprentices at risk of harm and be able to convey a link to contextual safeguarding.

3. Calex UK Apprenticeships recognise that the apprentices travel from across the United Kingdom and this creates a further contextual safeguarding element to the apprentices, as they are staying away from home multiple times of the year. Therefore, as part of the apprentices training programme, they attend awareness sessions and expected to be able to share local and national awareness of current safeguarding themes during their visits.
4. We recognise that there are specific safeguarding issues and contexts in which the apprentices are more likely to be at risk from, such as:
 - County Lines
 - Child Criminal Exploitation (CCE)
 - Child Sexual Exploitation (CSE)
 - Domestic Abuse
 - So-Called 'Honour-based' abuse
 - Sexual Violence and Sexual Harassment
 - Child on Child Abuse
5. We therefore recognise that we have a duty of care to ensure apprentices feel safe and supported during their time away from home in their residential training weeks and their attendance to the programmes training facility. Any absences during training will be reported to the appropriate member of staff efficiently.
6. Calex UK Apprenticeships recognise that the age ranges of the apprentices can vary from 16 year upwards and therefore means that under eighteen's (children in the eyes of the law and safeguarding legislation and guidance) and adults will learn together within the same cohorts. This creates a more highlighted need for context on the learners and effective safeguarding within an age-diverse environment and workforce.
7. We therefore recognise that apprentices are capable of abusing their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up" as this can lead to a culture of unacceptable behaviours and an unsafe environment for all learners.
8. Calex UK apprenticeships understand the importance of taking proactive action to minimise the risk of (child-on-child) abuse, or harassment of any kind, and of creating a supportive environment where victims feel confident in reporting incidents. To achieve this, we will:
 - Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images.
 - Be vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys.
 - Be vigilant of the impact on LGBTQ+ apprentices.
 - Ensure our curriculum helps to educate pupils about appropriate behaviour and consent.
 - Ensure staff reassure those reporting abuse to feel safe and taken seriously.

20.0 Safeguarding apprentices with Special Educational Needs and Disabilities

1. Calex UK Apprenticeships recognise that apprentices with special educational needs and disabilities can face additional safeguarding challenges and/or have additional barriers when staff suspect any forms of abuse. We recognise that assumptions could put these learners at further risk of harm if their disability/needs cause staff to overlook indicators of harm such as, behaviour, lack of engagement or injury, as relating to the apprentices' additional needs. Furthermore, the potential for apprentices with SEND being impacted by issues such as being isolated or bullied is increased.
2. All information addressing SEND needs and support will be recorded on the BUD system as well as any supporting documents.
3. Where it is felt appropriate, the apprentice will be provided with a Learner Strategy Profile, to give a 'snapshot' of needs and adjustments.

4. The wider team may also have contact with apprentices who have declared SEND and/or additional needs, these meetings will be held both face-to-face and remotely to ensure accessibility. These will be monitored by the DSLs.
5. All Calex UK Apprenticeships staff will receive training on working with young people with additional needs as well as ensuring that inclusion is continuously promoted throughout the apprentice curriculum and reviewed effectively to remain impactful to the overall ethos of the apprenticeship programmes, staff, apprentices and the dealer network.
6. The Safeguarding will actively promote knowledge and understanding of SEND, disabilities and additional support with staff and apprentices inclusively. Furthermore, the DSL will endeavour to promote and offer professional input to managers and mentors of apprentices who have identified SEND, disability or additional needs to ensure they are able to access and succeed within their apprenticeship.

21.0 Vulnerable Adults and Adults at Risk

1. Adult at Risk: Any person over the age of 18 years who is unable to look after their own well-being, property rights or other interests; and is at risk of harm (either from a person's behaviour or from their own behaviour); and because they have a disability, mental disorder, illness or, are more vulnerable to being harmed by other adults.
2. A Vulnerable Adult is a person who is or may be in need of additional care services by reason of disability, age or illness; and who is or may not be able to care for themselves or protect themselves from significant harm or exploitation (Law Commission Report 'No Secrets' Department of Health, 200).
3. Calex UK Apprenticeships have a duty to promote and safeguard the welfare of vulnerable adults and adults at risk who are on the apprentice programme. This will be achieved by ensuring staff are trained in providing a safe environment and reporting any concerns for apprentices.
4. The overall responsibility for compliance monitoring of apprentices that may fall under this category lies with the Designated Safeguarding Leads and Head of Apprenticeships.

These responsibilities include:

- To safeguard adults whose circumstances may lead them to become vulnerable to abuse, by building and maintaining an inclusive culture within the academy and developing staff knowledge and understanding of safeguarding issues.
- Ensuring best practice is applied by the organisation.
- To aid in the identification of vulnerable adults at risk and that all matters are dealt with according to national and legal requirements.
- Work in partnership with other agencies such as the police and act promptly with the best interests of the at risk or vulnerable adult at the forefront of the planning.

22.0 Filtering & Monitoring

1. Whilst considering their responsibility to safeguard and promote the welfare of apprentices and provide them with a safe environment in which to learn, each programme site should be doing all it reasonably can to limit exposure to the risks via the apprenticeship programme and partners IT systems.
2. As part of this process, the Calex UK Apprenticeships programmes work to ensure that appropriate filters and monitoring systems are in place.
3. The senior management team and relevant staff will have an awareness and understanding of the provisions in place to filter and monitor any risks identified, and how to escalate them appropriately when necessary.
4. The appropriateness of any filters and monitoring systems used are a matter for individual education provisions and will be informed in part, by the risk assessment required by the Prevent Duty. The UK Safer Internet Centre has published guidance as to what "appropriate" filtering and monitoring might look like: [UK Safer Internet Centre: appropriate filtering and monitoring](#)

23.0 Looked After Children (LAC) and Care Leavers

1. The Designated Safeguarding Leads will function as the Designated LAC Lead for apprentices and will collaborate closely with all Local Authorities whereby there are recognised Looked after Children / Children in Care / Previously Looked After and Care Leavers to promote their educational achievement.
2. Looked After Children are supported by a team of external agencies and have a Personal Education Plan (PEP). The PEP is used to support the personalised learning of the young person – both academically and otherwise. Staff will be asked to contribute to the PEP and the Designated LAC Lead (the DSL) will attend meetings regarding that apprentice.
3. Calnex UK Apprenticeships are aware that though their apprentices are still in education, this is not recognised as an education setting to all local authorities and therefore there may not be involvement from Virtual Schools or active Personal Education Plans (PEP's). Therefore, each apprentice that is identified as a Looked after Child, with professionals involved will be contacted as deemed appropriate by the Designated LAC Lead (DSL). Support for each apprentice will remain a priority and effective to ensure their success within their apprenticeship programme.
4. All Looked After Children / Children in Care / Previously Looked After / Care Leavers must be regularly monitored and supported by the Designated lead and wider team.

24.0 Health & Safety

1. Our Health & Safety policy, set out in a separate document, reflects the consideration we give to the protection of our young people physically within Calnex UK Apprenticeships environment.
2. The Health & Safety compliance and facility audits are managed by our partners Watson & Watson.

25.0 Monitoring and Evaluation

1. Calnex UK Apprenticeships will review its policies and procedures to ensure that they comply with the relevant legislation. The Safeguarding Policy will be reviewed annually and updated to remedy any deficiencies or weakness concerning child/young people and vulnerable adult protection arrangements, which are identified, immediately.
2. Our Safeguarding Policy and Procedures will be monitored and evaluated by:
 - Senior Management 'drop ins', learning walks and discussions with apprentice and staff apprentice surveys
 - Scrutiny of Attendance data of apprentices attending their formal attend training, virtual classrooms or employer based reviews.
 - Scrutiny of a range of risk assessments
 - Scrutiny of meetings
 - Logs of bullying/racist/behaviour incidents for SMT
 - Review of parental concerns

26.0 Linked Policy

1. Health and Safety Policy
2. Calnex UK Apprenticeships Prevent Strategy
3. e-Safety Procedures
4. Anti-Bullying & Behaviour Policy
5. Child-on-Child Abuse Policy - incorporating into Behaviour Policy
6. Mental Health & Emotional Wellbeing Policy
7. SEND Policy

Managing a Disclosure

If an apprentice makes a disclosure, you must follow the steps outlined below:

- Never promise confidentiality. It is not possible to guarantee to an apprentice that a disclosure of abuse will be kept confidential. Inform the learner that you are duty bound by law to report what they disclose to the respective Calex UK Apprenticeship's Designated Safeguarding Lead (DSL).
- Listen and reassure – Listen carefully to what the apprentice is telling you. You are able to ask open questions such as 'how did that happen?' or 'what was happening at the time?'
- Do not probe or make accusations – remember you are not there to investigate a disclosure. This could also compromise any further criminal investigation.
- Make notes and record the disclosure – as soon as possible, record the conversation with the student. Remember to use the apprentice's own words as far as possible. Report electronically via CPOMS or use the disclosure reporting/referral form (Appendix 6).
- Refer the disclosure to the Designated Safeguarding Lead (DSL). The Designated Safeguarding Lead (DSL) will then arrange to see the apprentice, organise further support as necessary, and notify appropriate authorities. Where contact is made with external agencies, this will be recorded by the Calex UK Apprenticeship's DSL.

Appendix 2

Definitions of Abuse

Physical abuse

This may take many forms e.g. hitting, shaking, or poisoning a young person or vulnerable adult. It may also be caused when a parent or carer feigns the symptoms of, or deliberately causes, ill health to a young person or vulnerable adult.

Emotional abuse

This is the persistent emotional ill treatment of a young person or vulnerable adult such as to cause severe and persistent effects on their emotional development. Some level of emotional abuse is involved in most types of ill treatment of young people or vulnerable adults, though emotional abuse may occur alone.

Sexual abuse

This involves forcing or enticing a young person or vulnerable adult to take part in sexual activities. This may include non-contact activities such as looking at or producing pornographic materials, watching sexual activities or encouraging young people or vulnerable adults to behave in sexually inappropriate ways.

Neglect

Involves the persistent failure to meet a young person or vulnerable adult's basic physical and/or psychological needs, likely to result in the serious impairment of their health and development. This may involve failure to ensure access to appropriate medical care or treatment. It may also include neglect of basic emotional needs.

The Context of Abuse

Family Circumstances: Domestic Violence

Where there is domestic violence evident, the implications for the vulnerable adult or young person at the academy and for younger children in the household must be considered. Young people from families with a history of domestic violence often have behavioural difficulties, absenteeism, ill health, bullying, and drug and alcohol misuse.

Drug/alcohol abusing parents

There is an increased risk of violence in families where this occurs. A young person at Calex UK Apprenticeships may have to take on responsibilities for younger children in the family.

Forced Marriages

Forced marriage is an entirely separate issue from arranged marriage. Forced marriage is a human rights abuse and falls within the Crown Prosecution Service definition of domestic violence. Young people at risk of a forced marriage may also be experiencing physical and/or emotional abuse at home.

Mental Health Issues

Self-harm, suicide threats and gestures by a young person or vulnerable adult must always be taken seriously and may be indicative of a serious mental or emotional disturbance. The possibility that self-harm, including a serious eating disorder has been caused or triggered by any form of abuse or chronic neglect should not be overlooked.

Abuse by peer group: Child-on-Child Abuse - bullying, racism and abuse

Bullying is a common form of deliberately hurtful behaviour, which is usually repeated over a period of time, when it is difficult for the victims to defend themselves. It can take many forms, but the three main types are physical (e.g. hitting); verbal (e.g. threats); and emotional (e.g. isolating the individual).

It may involve physical, sexual or emotional abuse including homophobic, sexual, racial or religious harassment, or behaviour, which is offensive to those with learning or physical disabilities.

Severe harm may be caused to young people and vulnerable adults by the abusive and bullying behaviour of their peers. The damage inflicted by bullying is often underestimated and can cause considerable distress. In extreme cases, it can cause significant harm, including self-harm.

Categories under Child-on-Child Abuse:

- Bullying
- Teenage Relationship Abuse
- Physical Abuse
- Emotional Abuse
- Sexual Violence
- Sexual Harassment
- Consent
- Sharing of nude and semi-nude images
- Upskirting
- Initiation/hazing type violence and rituals

Sexual Violence and Sexual Harassment

Sexual violence and sexual harassment can occur between two apprentice of any age and sex during the apprenticeship programme training period. It can occur through a group of apprentice sexually assaulting or sexually harassing a single learner or group of apprentice. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable. As set out in Part One of Keeping children safe in education (KCSIE), all staff working with children are advised to maintain an attitude of 'it could happen here'.

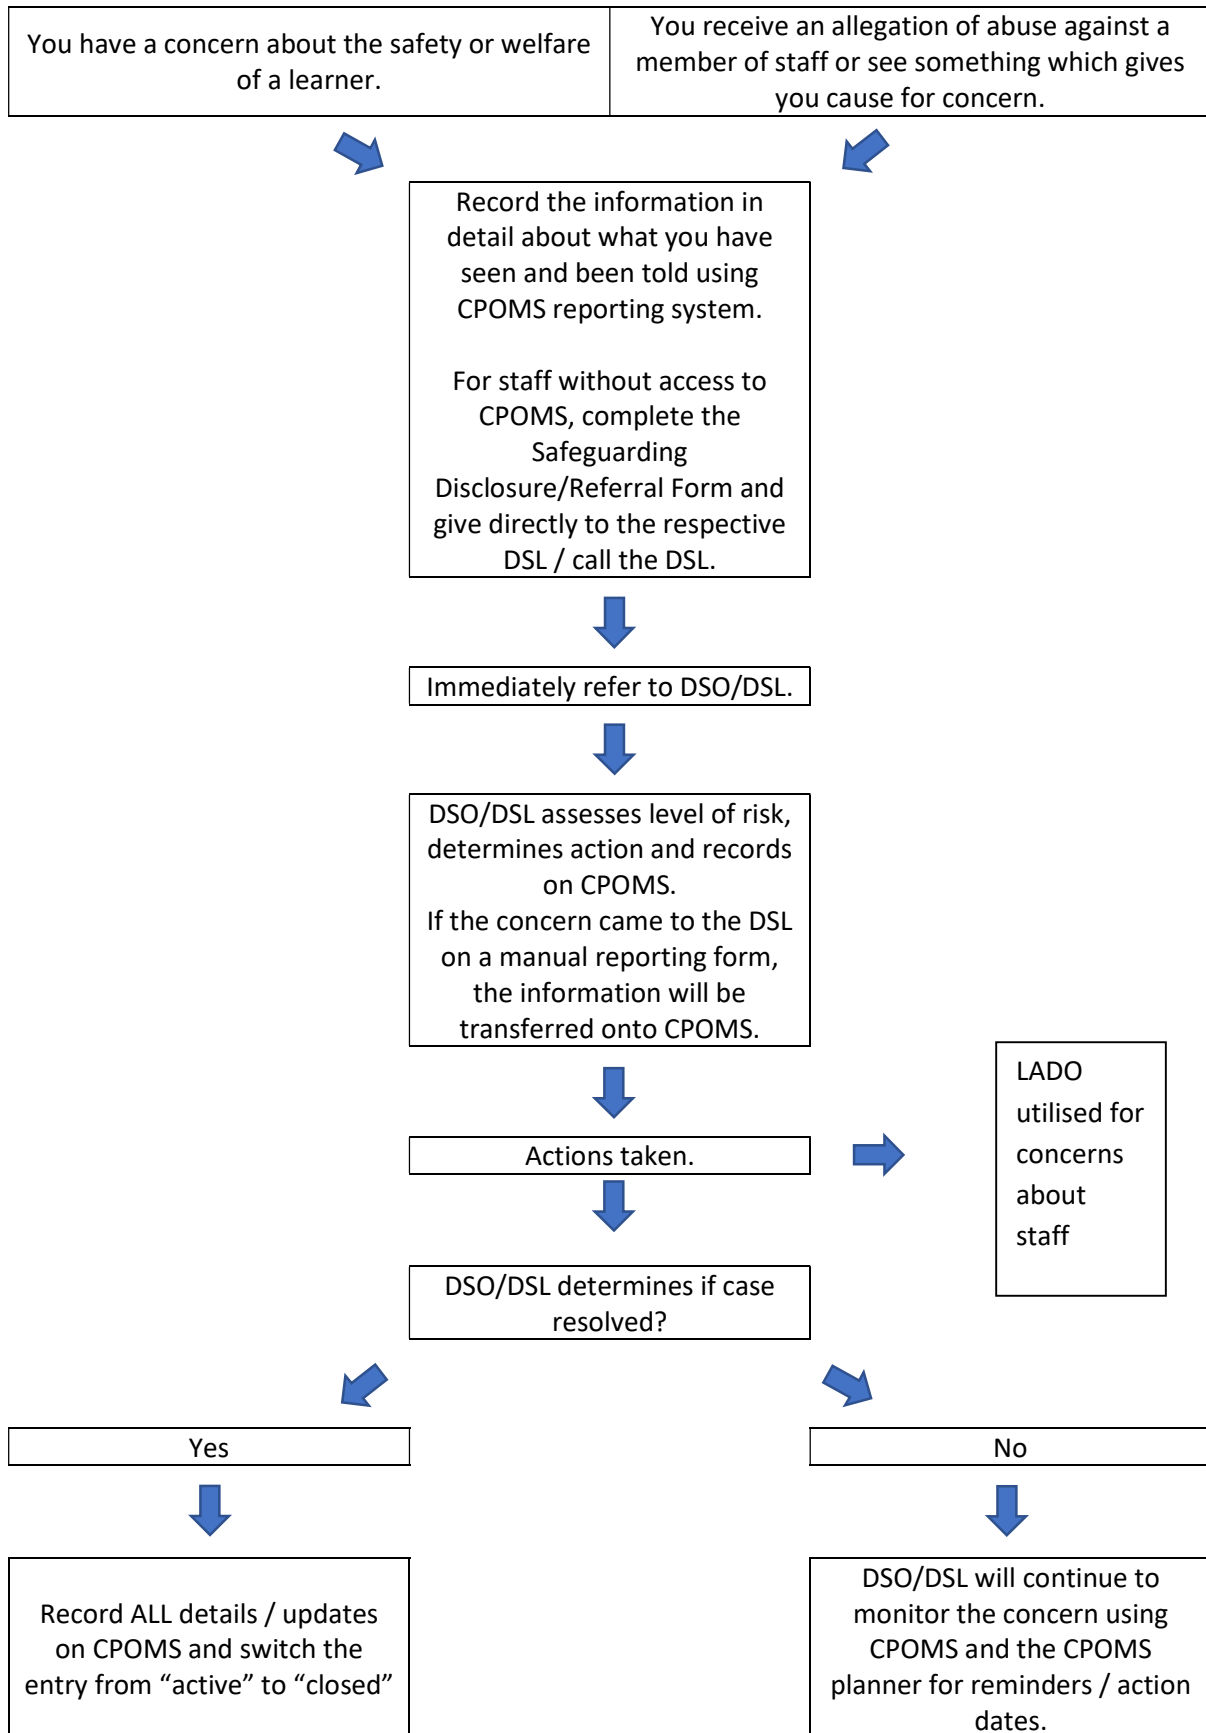

Calex UK require all staff to ensure inappropriate behaviour (even if it appears to be relatively innocuous) should be intervened as soon as it becomes apparent to help prevent problematic, abusive and/or violent behaviour in the future. Apprentice who are victims of sexual violence and sexual harassment, wherever it happens, will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational progression and will be exacerbated if the alleged perpetrator(s) continue to attend the training facility/programme. Calex UK and our staff should be that safeguarding incidents and/or behaviours can be associated with factors outside the programme, including intimate personal relationships.

It is essential that all victims are reassured that they are being taken seriously throughout any allegations and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

Reports of sexual violence and sexual harassment may become extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their progress and training is not disrupted. It is also important that other apprentice, and staff are supported and protected as appropriate.

Appendix 4

Guidance on Relationships with Apprentice's

The vast majority of staff who work with young people and vulnerable adults in educational settings act professionally and seek to provide a safe and supportive environment for apprentice. It is recognised that achieving this aim is not always straightforward. Much relies on student and staff interactions where tensions and misunderstandings can occur. It is here that staff behaviours can give rise to allegations being made against them. Allegations may be genuine, malicious or misplaced. They may arise from differing perceptions of the same event, but when they occur, they are inevitably distressing and difficult for all concerned.

This guidance should not be interpreted to mean that, in order to avoid misplaced allegations, all forms of physical or close contact with apprentice should be avoided. There will be occasions where physical contact is appropriate, e.g. in situations where a degree of physical intervention is required. The guidance is concerned with avoiding sexual activity in a relationship of trust and other contact, which may be inappropriate.

Relationships of Trust

A relationship of trust exists where a member of staff is in a position of power or influence over a student by virtue of the work or nature of the activity being undertaken. Those in a position of trust must carry the responsibility of ensuring that they do not abuse their position or put themselves in a position where allegations of abuse of trust, whether justified or unfounded, could be made.

It is important to recognise that a variety of circumstances can arise, including a sexual relationship at one end of the scale, through close friendships, to, at the other end of the scale, an innocent situation that has been entirely misconstrued. Staff should take steps to minimise the risk of circumstances being misconstrued or misunderstood and relationships with language and conduct, which could give rise to comment and speculation.

All staff should clearly understand the need to maintain appropriate boundaries in their dealings with apprentice. Intimate or sexual relationships between staff and apprentice will be regarded as a grave breach of trust. Where a relationship of trust exists, allowing a relationship to develop in a way that might lead to a sexual relationship is wrong. A sexual relationship will be intrinsically unequal within a relationship of trust and is therefore unacceptable. Abuse of trust involving sexual activity with a young person under 18 or a vulnerable adult who is a student at Calnex UK Apprenticeships may be a criminal offence under the Sexual Offences Act 2003.

From time-to-time staff may encounter apprentice who display attention-seeking behaviour, profess attraction to them or begin to develop a relationship of emotional dependency. Particular care should be exercised if the student is vulnerable. Staff should aim to deal with those situations sensitively and appropriately but ensure that their behaviour cannot be misinterpreted. The member of staff should inform Designated Safeguarding, Welfare & Engagement Manager (*DSL*) if they have any concerns or if there is a concern that a young person is becoming attracted to him or her, or that there is a developing attachment or dependency. If a member of staff is concerned that he/she might be developing a relationship with a young person, which could have the potential to represent an abuse of trust, the first advice must be to ensure that the relationship does not develop further. Arrangements should be made by Calnex UK Head of Apprenticeships to minimise direct contact between the apprentice and member of staff and to prevent all contact if possible. Where contact must take place another member of staff should be present at all times.

Staff should be aware that private meetings with individual apprentice might give rise to concern. There will be occasions when a confidential interview or a one-to-one meeting is necessary. Such interviews should be conducted in a room with visual access or an area, which is likely to be frequented by other people. Another student should be present or nearby. Where such conditions cannot apply, staff should ensure that another adult knows that the interview is taking place.

Apprentice should not be asked or encouraged to visit the home of a member of staff or socialise informally outside

Calex UK Apprenticeships. These contacts or visits can place staff in a vulnerable position and can in some case lead to allegations being made against staff. Private or additional tuition for apprentice should be conducted on Calex UK Apprenticeships premises or, if at the young person's home, in the presence of a parent. Meetings away from Calex UK Apprenticeships brand partner premises or arrangements for private tuition in a student's home should only be arranged with the specified approval of Designated Safeguarding Lead and the Head of Apprenticeships.

Staff should adhere to the guidance regarding outside commitments in the Disciplinary & capability policy within the Calex staff handbook for Employees.

The following are examples of actions, albeit not overtly abusive, that could be interpreted as a member of staff 'grooming' a student or allowing a dependent relationship to begin or continue:

- Inviting apprentice to their home.
- Visit apprentice at their home.
- Giving apprentice gifts.
- Offering apprentice lifts outside normal duties.
- Singling individual apprentice out for special attention.
- Seeing apprentice socially.

Staff should not give apprentice their personal mobile or home telephone number, personal e-mail address or access to their own personal social media accounts (not adding apprentice as friends on Facebook, for example). The frequency, nature and degree of such behaviour may justify the need for further investigation.

Physical Contact

Physical contact may be misconstrued by a student, parent or observer. Touching apprentice, including well-intentioned gestures such as putting a hand on a shoulder, can, if repeated regularly, lead to serious questions being raised, particularly if this occurs when a member of staff is alone with a student. As a general principle, staff must not make gratuitous physical contact with their apprentice. It is particularly unwise to attribute touching to their teaching style or as a way of relating to apprentice. Staff do however have the right to use reasonable physical intervention to restrain apprentice in certain circumstances. Staff should be aware of Calex UK Apprenticeship's policy on the use of physical intervention.

Staff should comply with the expected standards of professionalism as detailed in the Staff Disciplinary & capability policy within the Calex staff handbook.

Appendix 5

Specific Safeguarding Focus Area (Keeping Children Safe in Education)

The newly published guidance from the DfE *Keeping children safe in education 2023* replaces the previous guidance following a period of consultation. In essence, there are some significant changes in the new guidance. There remains a statutory responsibility to keep children safe and to refer concerns to the appropriate authorities.

Staff need to be 'regularly updated' about Callex UK Apprenticeships procedures as well as when they join Callex UK Apprenticeships.

Staff need to be vetted on recruitment.

There must be a Designated Safeguarding Lead and Deputy.

The Designated Safeguarding Lead:

William Glendon-Doyle (Safeguarding & Welfare Officer) – Stellantis Apprenticeship Programme

Victoria Lupton (Safeguarding & Welfare Coordinator) – Volvo, Porsche & Mazda Apprenticeship Programmes

The Deputy Designated Safeguarding Lead:

Justin Ryles (Programme Manager) - Stellantis Apprenticeship Programme

Stuart Hickling – Volvo Apprenticeship Programme

Jason Giblett? – Porsche Apprenticeship Programme

Sarah Fuller – Mazda Apprenticeship Programme

Additional guidance on peer-on-peer abuse, to emphasise the importance of staff knowing what it is and how to respond to reports of abuse.

Strengthened guidance on what we should be doing to protect apprentice from peer-on-peer abuse. We should make sure our policy includes:

- Callex whole approach to Child-on-Child abuse
- Reporting systems in place for apprentice
- Recognition that Child-on-Child abuse may be taking place, even if not reported
- Online safety, including the use of the internet on mobile phones due to its role in Child-on-Child abuse
- Additional barriers when recognising abuse for apprentice with any special educational needs.

Safer recruitment has been restructured with more guidance on the recruitment process with specific changes to Callex UK statutory requirements. Added elements include more emphasis on the recruitment process including advertising roles, shortlisting, use of references, selection and on-going assessment of new staff.

Updated guidance on sexual harassment and how to this is monitored and dealt with within apprenticeship programme.

There remains the requirement for on-going guidance on the emphasis placed on 'specific safeguarding issues':

- Physical Abuse
- Emotional Abuse
- Sexual Abuse
- Neglect
- Child sexual exploitation (CSE)
- Child criminal exploitation (CCE)
- Honour-based Abuse
- Child-on-Child Abuse
- Bullying including cyberbullying
- Domestic violence

- Drug abuse
- Fabricated or induced illness
- Faith abuse
- Female genital mutilation (FGM)
- Breast Ironing
- Forced marriage
- Gangs and youth violence
- Gender-based violence/violence against women and girls (VAWG)
- Mental health
- Private fostering
- PREVENT – extremism, radicalisation, & terrorism
- Sexting - Sharing of nude and semi-nude images
- Teenage relationship abuse
- Trafficking
- Modern slavery
- Sexual violence / harassment
- Consent
- Upskirting
- Initiation/hazing type violence and rituals
- Financial or Material Abuse
- Discriminatory Abuse
- Organisation or Institution Abuse
- Hate Crimes
- Prejudice Abuse
- Racial Abuse

Further guidance on each of these is available on the DfE website and other sources of information are suggested.
